

After School Lab **Young Scientist** *at Matthew Turner Elementary School*

Our TK and K students are curious by nature. After School Young Scientist Lab uses this curiosity to expand their understanding of the world and science. Students will engage in simple hands on science experiments, sensory explorations and play! They will practice making predictions, problem solving and observing results.

Thursdays from 1:40 pm to 2:40 pm

Jan 16	Bear Snores On – The Amazing Science of Hibernation
Jan 23	Little Snowflake – Life Cycle of Snow
Jan 30	Chinese New Year – Fireworks in a Jar
Feb 6	Gravity – what goes up, must come down!
Feb 13	Valentine Science – Grow your own rainbow crystal
Feb 20	Colorful Chemistry Experiments
Feb 27	Edible Science

\$120 for 7 Classes

IN THE STEAM LAB
