

Canyon Oaks After School LEGO®

STEAM Club for 1st -2nd Grades

Sponsored by Canyon Oaks PTO (scholarships available)

Secret Agent Training Academy

Shh... BrickSpace is recruiting junior agents this Fall at your school. Come join us for 6 weeks of spy training activities after school! Build special spy gadgets that really work! Design and code a Lego® Robotics Spy Race Car!

Extract DNA, Dust for fingerprint in our CSI lab. Challenge your spy mates a game of Lego® Maze. Work as a team to build a cool Spy headquarters complete with briefing room, hidden room (security is guaranteed), high tech labs and more. Each week is a different theme! Each class our junior spy will be given a building challenge that requires them to problem solve: they will plan, build and test their builds using a given set of criteria. Through our building classes, our junior spy will improve on their building and critical thinking skills, they will further develop their collaboration and communication skills that they can use in saving the world!
